A Message from the Superintendent

Dear Bay Shore/Brightwaters Community,

Welcome to the 2018-2019 school year!

Everyone at Bay Shore Schools is committed to ensuring that our students receive the best possible educational experiences. We inspire our students to dream, teach them to lead and help them to achieve. Our goal is to prepare them for life beyond our hallways. The resources and opportunities to which our students have access make us a destination location for families seeking a high-level education for their children.

This calendar is a guide to school events, Board of Education and Parent Faculty Association meetings held throughout the year. I encourage you to keep it handy as your go-to resource for information about the district and important dates. You can also visit our website to find any updated information.

Excellent teachers and support staff, strong parental support and community involvement are the keys to a successful outcome for our students. I look forward to another great school year!

Yours truly,

Joseph C. Bond
Superintendent

**REGISTRATION OF NEW PUPILS**

Registration for all school-age children is **by appointment only** at the Office of Central Registration, located at the Jerry G. Berka Administration Building, 75 West Perkal Street, Bay Shore. Each student must have a registration packet completed (that may be obtained at the Office of Central Registration) prior to registration. Only parents or legal guardians, who are bona fide residents of the Bay Shore School District, will be allowed to register students. For more information, please call 631-968-2554.

The following information and documents are also required for all potential students:

**Student:**
- Original Birth Certificate
- Certificate of Immunizations and current physical exam (stamped by doctor)
- Latest transcript, attendance and discipline records (Grades 6 through 12)
- Last Report Card (Grades 1 through 8)
- Custodial Documentation (when applicable) or verified proof of guardianship
- Marriage certificate - to designate step-parents as guardians
- Form DSS-2999 from agency - Foster children only
- IEP - Special Education students

**Parent/Guardian:**
- Proof of Residency
  - If homeowner - Deed, Current Mortgage Statement or Current Tax Bill
  - If renter - Notarized Lease or Notarized Landlord Affidavit (in Registration Packet) **AND**
- Current Utility Bill (excluding telephone bill) or other deemed acceptable
- Parent/Guardian Photo Identification

**REGISTRATION OF KINDERGARTEN STUDENTS**

To qualify for kindergarten registration, eligible Bay Shore students **must turn 5 years old on or before December 1st** of the year of entrance. **Registration for kindergarten is held in March of the year prior to entrance.** Timely registration is important for planning space as well as providing adequate resources and services for our students. For registration requirements, see the Registration of New Pupils section or call the Office of Central Registration at 631-968-2554.

**HOMEWORK REQUESTS FOR VACATIONING STUDENTS**

Families are encouraged to take vacations when school is closed. It should be noted that absences due to family vacations are considered unexcused (illegal) absences in New York State. Remember that all assignments are designed to follow lessons provided by the teacher. Students who go on vacations when school is in session will miss introductory and follow-up explanations of concepts and procedures provided by the teacher. Often, students’ grades drop following extended absences. However, if you find it impossible to make family vacation time coincide with school holidays, please be aware of the following policy. You may request a maximum of two weeks of school work.

1. Homework must be requested in writing, one week prior to the vacation. Please specify vacation dates in your request. High school students must complete the parent’s notification of student absence form as well.

2. Teachers will provide texts or other reading that deals with the concepts to be taught in class during the absence. The teacher may also provide worksheets.

3. After returning to school, students will have one week to make up specific class assignments, tests, or projects missed. Students may be required to stay before or after school to do so; however, it is the family’s responsibility to see that students catch up.

4. Students should continue to do pleasure reading during vacations.

If you plan an extended stay (one or more months) in another state or country, please consider enrolling your child/children in school in that locale.

**CHANGE OF RESIDENCE/GUARDIANSHIP**

Any change in residence or guardianship requires the prompt submission of appropriate documents to the Office of Central Registration. For required documentation, please see the Registration of New Pupils section or call 631-968-2554. Failure to promptly comply with these requirements could result in your child’s immediate withdrawal from the Bay Shore School District.
POLICY ON NONDISCRIMINATION

The Bay Shore Union Free School District does not discriminate on the basis of race, color, national origin, sex, disability or age in employment or its educational programs in accordance with the requirements of Title VI of the Civil Rights Act of 1964; Title IX of the Education Amendments of 1973; Section 504 of the Rehabilitation Act; the Americans with Disabilities Act (ADA) of 1990; or the Age Discrimination Act of 1975, that prohibit discrimination on the basis of race, color, national origin, sex, disability and age, respectively.

If you have questions regarding the district’s responsibilities under these regulations, if you wish to make a complaint, or if you require services related to a disability pursuant to Section 504 and the ADA, please contact the following:

Mrs. Lisa Giacoia, Asst. Superintendent for Human Resources or Mr. Robert Torres, Director of Student Services and Central Registration (Title IX and Age Discrimination Act)

Dr. Russell Endes, Executive Director of Pupil Personnel Services (Section 504 and ADA)

COMMUNICABLE DISEASES

Communicable Disease Control

In order to prevent the spread of communicable disease and to insure rapid recovery with a minimum of after effects, children should be kept out of school when they show any symptoms of a communicable disease, such as a sore throat, skin rash, cough, etc.

If these symptoms develop into any communicable disease, other than the common cold, parents are asked to notify the school immediately.

Exclusion of Children from School

Children who are ill with any communicable disease are excluded from school and may be required to bring a doctor’s certificate upon return. As modern methods of treatment often modify these diseases, the time when a child may return to school is not uniform, but must be at the discretion of the family doctor and the school doctor.

TRANSPORTATION

New York State law requires school districts to provide transportation to children of all legal residents attending public, private, and parochial schools for distances between 2 and 15 miles for children in grades K-8, and 3 and 15 miles for children in grades 9-12.

The transportation policies adopted by the Bay Shore District permit transportation for students as follows:

- Grades K-5 - Pupils living 1/2 mile or more from school
- Grades 6-8 - Pupils living 1 mile or more from school
- Grades 9-12 - Pupils living 1-1/2 miles or more from school

Transportation to schools for resident children is a privilege. The school district Code of Conduct applies to students being transported. Misuse of this privilege may result in the withdrawal of bus transportation. Parents of kindergarten students must meet their children at the bus stop both in the morning and in the afternoon.

ANNUAL ELECTION & VOTER QUALIFICATIONS

The Annual School District Election held each May enables voters to elect members to the Bay Shore School Board and vote on the proposed school budget. To be eligible, voters must be: (a) citizens of the United States; (b) 18 years of age or older; (c) residents of the Bay Shore Union Free School District for thirty days preceding the election and/or; (d) possess valid School District registration or valid Suffolk County Board of Elections registration.

While there is an annual registration period in May, potential voters may register at other times during the year at the District Office with proof of the above qualifications. In addition to special notification through the mail and district publications, annual registration, budget hearing, and voting dates are printed in this calendar.
ATTENDANCE GUIDELINES

Children between the ages of six and sixteen years of age are legally required to attend school on a regular basis. Attendance and punctuality are important factors in student achievement and in the development of habits that are important later in life.

In the event of an absence or lateness, a written excuse note is required on the day a student arrives late or returns to school. The note should specify the date of the absence/lateness, the reason, and the parent/guardian's signature. Some possibly valid reasons for absence/lateness include illness of student, illness and/or death in the family, impassable roads making travel unsafe, religious observance, or required presence in a court of law.

For further clarification, please refer to the Bay Shore Schools Attendance/Tardiness Code, which is regularly distributed to students and available in every school building.

GRADUATION

No student will be allowed to graduate or participate in graduation ceremonies who has not fulfilled both New York State and Bay Shore graduation requirements.

GUIDELINES FOR EXPRESSING CONCERNS

Any student and/or parent/guardian in the school district who wishes to file a grievance/complaint shall make such a request in writing on forms available in any of the following locations: District Office, High School Principal's Office, High School Guidance Office, Middle School Principal's Office, Middle School Guidance Office, and all Elementary School Principals' Offices. Said form should then be forwarded to the Superintendent of Schools.

PESTICIDE INFORMATION

New York Education Law Section 409-H, effective July 1, 2001, requires all public and nonpublic elementary and secondary schools to provide written notification to all persons in parental relation, faculty, and staff regarding the potential use of pesticides periodically throughout the year.

The Bay Shore School District is required to maintain a list of persons in parental relation, faculty, and staff who wish to receive 48-hour prior written notification of certain pesticide applications. The following applications are not subject to prior notification requirements:

- A school remains unoccupied for a continuous 72-hours following an application
- Anti-microbial products
- Nonvolatile rodenticides or insecticidal baits in tamper resistant bait stations in areas inaccessible to children
- Silica gels and other nonvolatile ready-to-use pastes, foams, or gels in areas inaccessible to children
- Boric acid and disodium octaborate tetrahydrate
- The application of EPA designated biopesticides
- The application of EPA designated exempt materials under 40CFR152.25
- The use of aerosol products with directed spray in containers of 18 fluid ounces or less when used to protect individuals from an imminent threat from stinging and biting insects including venomous spiders, bees, wasps, and hornets

In the event of an emergency application necessary to protect against an imminent threat to human health, a good faith effort will be made to supply written notification to those on the 48-hour prior notification list. If you would like to receive 48-hour prior notification of pesticide applications that are scheduled to occur in our schools, please send your full name, address, daytime telephone number, evening telephone number and your email address to:

Mrs. Maureen Virsinger
Assistant Superintendent of Business
75 West Perkal Street, Bay Shore, NY 11706
Telephone: 631-968-1111    Fax: 631-968-2320
REACHING HIGHER STANDARDS
Bay Shore Schools requires students to meet the rigorous New York State Standards. Students are being prepared to earn a high school diploma and be ready to pursue college and career goals. To help students meet these benchmarks, the Bay Shore School District offers support in many forms. Teachers design classroom instruction and assignments to match expectations on New York State assessments. Grouping, emphasis on more time on tasks, before and after school help, and extensive summer programs give Bay Shore students a firm foundation for meeting these rigorous requirements.

USE OF SCHOOL FACILITIES BY COMMUNITY GROUPS
It is the policy of the Board of Education that residents of the school district have the benefit of the use of the school facilities during non-school hours. Community groups may be granted use of building and field facilities for educational, cultural, recreational, and civic activities. Proof of liability insurance must be presented before a school facility is given to a group for community use. Regulations for the use of buildings and application forms may be obtained in the Office of Buildings and Grounds. Certain fees may be incurred. For additional information regarding the use of school facilities, please contact Mr. Joseph Hodosky at 631-968-1113.

SPECIAL EDUCATION SERVICES
Chapter 434 of the Laws of 2014 requires school districts to notify every parent/guardian of their rights regarding referral and evaluation of their child for the purposes of special education services or programs pursuant to applicable federal and state laws. You can obtain this information on the New York State Education Department’s website: www.p12.nysed.gov/specialed/publications/policy/parentguide.htm. Please do not hesitate to contact Dr. Russell Endes at 631-968-1232 if you have any questions regarding this information.

CHILD ABUSE HOTLINE
If you suspect abuse or maltreatment of a child, report it now! Call the Statewide Toll Free Telephone Number: 1-800-342-3720. If you are deaf or hard of hearing, call TDD/TTY at 1-800-638-5163 or have your Video Relay System provider call 1-800-342-3720. If you believe that a child is in immediate danger, call 911 or your local police department.

REPORTING TO PARENTS
Report cards showing the teacher’s evaluation of pupil progress are sent to parents periodically. The frequency of these written reports depends on the grade level of the pupil.

Detailed information about report cards may be obtained from the principal or the teacher. In the elementary grades, a conference is held with each parent during the early part of the year. Questions or problems relating to a child’s work should be addressed to the individual teacher concerned.

Appointments with a teacher are made through the school office. Parents/guardians are encouraged to know and communicate with teachers. In grades 6-12, interim progress reports are sent to parents.

CODE OF CONDUCT
DRESS CODE GUIDELINES
A Board of Education approved Code of Conduct and Dress Code is available in the main office of every school building and online. Additionally, every kindergarten student receives an updated code booklet at the beginning of each school year and its content and philosophy are periodically reviewed with staff.

The Board of Education has a strong sense of responsibility in ensuring that a safe, secure and orderly environment is maintained for our students, staff and visitors. On occasion, incidents occur on school property, during the school day or at school-sponsored functions requiring school intervention. Incidents occurring off school grounds that have a potentially adverse impact on school functions may also require school action. In either case, school officials reserve the right to investigate the matter presented and apply the guidelines outlined in the Code of Conduct when appropriate.

In addition to serving as the primary advocate of appropriate dress and behavior, parents are strongly encouraged to discuss the contents of the Code of Conduct/Dress Code with their children. By working together, we are confident that an orderly, safe and stimulating learning environment can be sustained for all.
FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT - STUDENT RECORDS

The Bay Shore School District ensures that parents and eligible students are able to exercise their rights under the Family Educational Rights and Privacy Act of 1974 (FERPA).

In summary, parents/guardians and eligible students have the following rights under FERPA:
- The right to inspect and review the student's educational records
- The right to request the correction of the student's educational records
- The right to exercise limited control over access to the student's educational records

The rights and protections granted under FERPA transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom FERPA rights have been transferred are considered “eligible students.” Parents/guardians or eligible students who wish to inspect educational records may make an application for inspection to the building principal.

Pursuant to FERPA, the Bay Shore School District will provide, release and publish directory information and/or photographs pertaining to students for public relations. Directory information includes the following information: name of student, age, major course of study, participation in school activities or sports, weight if a member of an athletic team, dates of attendance, degrees and awards received, most recent school attended, grade level, enrollment status and photograph. The information notes may be released in district and in school publications and programs, as well as in press releases to news media. Under Title 45 U.S. Code, Regulation 99: Privacy Rights of Parents and Students, parents/guardians or students over the age of 18 who do not desire release of the above information must make specific written request to the Superintendent of Schools by September 15 of each year of attendance or at the time of registration for new students. Failure to make such a request shall be considered consent to release, provide, or publish the information during the year.

A copy of the FERPA policy is available for review in the main office of each building or the Office of the Superintendent. For more information, please contact the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920, call 202-260-3887 or access the U.S. Department of Education website at www.ed.gov.

HEALTH SERVICES

The New York State Education Law requires that every child enrolled in kindergarten, second, fourth, seventh, and tenth grades has a physical examination performed by a physician. The health services program includes a screening by the school physician for those children not examined by their family doctor. As these routine physical screenings are completed by the school physician, parents receive notifications of any deficiencies that may be identified, with recommendations that they be corrected. No remedial treatment may be provided by the school physician.

The attention of parents is also called to Section 2164 of the New York State Public Health Law that mandates that all students, current attendees as well as new entrants, must submit required proof of immunization against tetanus-dipthera and acellular pertussis (Tdap), polio, measles, mumps, rubella, diphtheria, hepatitis B, haemophilus influenza, type B, pneumococcal, varicella and meningococcal. Students who do not comply with this requirement will be excluded from school.

ACCIDENT INSURANCE

The school district pays for a limited accident insurance policy for injuries received during the school day and at school-sponsored activities. It provides limited coverage and is generally secondary to the parent/guardian's coverage. Questions regarding coverage should be directed to the Director of Health, Physical Education and Athletics. (The schedule of payments may be obtained in the office of the school principal.)

EMERGENCIES

Parents/guardians are requested to keep the school advised as to where they may be located in case of serious emergency. The procedures are as follows:
1. If an accident or illness occurs, first aid will be given and the parents/guardians notified. First aid is defined as the immediate temporary care given in an emergency. No care beyond first aid is given at school.
2. If parent/guardian cannot be reached, your emergency contact will be called.
3. If she/he is not available, an ambulance will be called.
4. Schools will request that parents/guardians identify an emergency contact to call in the event they cannot be reached.
INTERNET USE

Bay Shore School District is providing employees and students with access to the district's wide area network, which includes Internet access. The district network has a specific educational purpose. Its purpose is to assist in preparing students for success in life and work in the 21st century by providing them with electronic access to a wide range of information and the ability to communicate with people across the globe. Additionally, the network will be used to increase district internal communication, enhance productivity and assist district employees in upgrading their skills through greater exchange of information with their peers. The district network will also assist staff, including parents, social service agencies, government agencies and businesses.

In order to protect our students from inappropriate content and communication, a filtering system has been installed. Though no such system is foolproof, we are confident that we will be providing an extremely high level of security for all of our students and staff.

PROCESS AND PROCEDURES

When confronted with an issue concerning your child, please approach the classroom teacher to discuss your concerns. Maintaining a positive attitude and taking time to listen to both sides will go a long way in solving the problem.

ASBESTOS MANAGEMENT PLAN NOTIFICATION

The Bay Shore Union Free School District, in accordance with 40 CFR Part 763 (Asbestos Hazard Emergency Response Act, 1986) maintains a current record of all asbestos containing materials located within the District's buildings. The information is contained within the District's Asbestos Management Plan, and is updated in accordance with NYS and US Environmental Protection Agency regulations. The Asbestos Management Plan is available for review by any members of the public or staff of Bay Shore Union Free School District upon request made to the Director of Operations and Facilities.

WEATHER-RELATED OR EMERGENCY SCHOOL CLOSINGS, DELAYS AND EARLY DISMISSALS

The decision to cancel or delay a school session is based on many factors including the following: Inclement weather, hazardous road conditions, school transportation safety, general environmental safety, accidents preventing the safe operation of schools, or other natural or man-made disasters.

If a school session will be delayed or canceled on a particular day, announcements will be made over the district phone blast system and television stations as early as 5:30 A.M. Additionally, school closings or cancellations will be posted or announced on www.bayshoreschools.org, Facebook, Cablevision News Channel 12 and FIOS news.

On rare occasions and for the reasons cited above, it may become necessary to abbreviate the school day and conduct an early dismissal. If an early dismissal is deemed necessary, announcements will be made over the various notification systems listed above. All parents/guardians, particularly those of elementary school students, should make prior arrangements with a neighbor, family member or alternate person to care for their child(ren) in the event of an early dismissal.

All students attending the high school will be dismissed first. Students attending all other schools who regularly walk to school will be dismissed accordingly. Under most circumstances, school buses will transport remaining students home via regular bus routes. All available school personnel and resources will be utilized to ensure the dismissal process is conducted in a manner as safe and secure as possible.

In the event of an emergency, please do not come to school for your child or call the school. Each school building has an emergency plan in place, and depending on the situation, school personnel work in conjunction with local emergency personnel and first responders.

The safety of our students is of paramount importance to our school district. Decisions to cancel or abbreviate a school day will be made based on the best interests of our students and the safe operation of our facilities. In the unlikely event of a school day interruption, please be assured that every reasonable effort will be made to make public notifications and to maintain student safety.
